## News from the Golf Shop

I hope this newsletter finds you doing well. June was a great month for golf at Golden Hills. I hope everyone was able to take advantage of the unseasonably cool weather we had last month. As we all know, there is little chance we will escape the "famously hot" midlands weather over the next few months. With this in mind, remember that the golf shop is open until 7pm for you to take advantage of cooler evening temperatures.

Golden Hills is proud to introduce our new First Assistant Golf Professional, Luke Fancher, to our staff. Luke is a class A PGA Professional who comes to us from Spring Valley. Luke has extensive experience in club repair, club fitting, and teaching. His addition will enable us to take care of all of your golf needs. When you come to play a round this month, please

take a moment to introduce yourself to Luke.

I would like to take a moment to thank all who participated in the **Club Championship**. We had a great turnout and a lot of good golf was played. Congratulations to: Mike Calkins (Men's Club Champion), Dave McElrath (Senior Club Champion), Nancy Dodge (Ladies Club Champion), Ryan McGillan (Junior Club Champion), Bryce Phillips (Jr-Jr Club Champion), Connie Liley (Ladies Net Club Champion), and Barry Gossett (Super-Senior Club Champion). Results are also posted on our website.

A lot of work has been done to our course in recent months. Having had the opportunity to play in the South Carolina Open earlier this month, I have a great appreciation for the work that Chad Berry,

Sandy Smith and the rest of the maintenance staff do on our course. Our fairways are second to none. Please help us keep it that way by sanding divots in fairways and on par three tees, as well as fixing your ball marks on the greens.

The **Member-Guest** tournament is being played this month on July 13, 14, & 15. We have a wonderful tournament planned for you and your guest. I hope each of you are able to find a partner and play in this event. Details of the tournament are available on our website and in the golf shop.

I hope you all are able to make it out to the club this month.

Golfingly,  
 Steve Larick

## Special Notice ~ Golden Hills Members:

In addition to the daily maintenance and care of our facilities, we are always looking into areas of improvement. Since the start of the year we have made a large number of changes on the course in an attempt to provide our members with the best playing conditions possible.

In an attempt to protect the natural beauty of the property, we have fought shade and circulation problems on the golf course for years. Increasingly this had led to areas of poor to no growth on several of our greens. A large number of trees have been removed to address

these issues and new sod has been installed in various locations on the course. However, we've reached a point where additional changes are needed as we look to the future.

Therefore, on July 2, 2012 we will begin a renovation project on hole # 17 green. The renovation work will include re-contouring the green surface and installing a more shade tolerant turf. The finished project will allow for more pin placements and a better putting surface year round. Due to the work required, we will be closing the green for a period of 10-14 days and look to re-open

the hole by July 12th, 2012. After collaborating with our golf staff, we feel that taking par and skipping the hole will be better than putting in a temporary green for such a short period of time.

We are excited about the renovation project, as it will serve as a barometer for future improvement and renovation plans. It is our hope that you will enjoy the improvements and understand the effort and work required.

Sincerely,  
 Chad Berry, Superintendent  
 Dian Berry, General Manager
